ULTRA TERMO

For those who are often exposed to low outer temperatures at work (police, army, airports...) or in their free time while doing a hobby (walking, hunting, fishing...). They are rarely expected to perform bigger physical activities and they generally do not exchange outer cold and inner heated areas very often.

Due to its structure 60% fine merino wool and 40% polypropilane fibre of wool type ULTRA TERMO provides excellent thermoregulation characteristics and wet free process features. It also provides an excellent feeling of pleasure of wearing due to a high share of wool fibres of high fineness.

When it is cold outside ULTRA TERMO warms you in an excellent way. When it is warm inside ULTRA TERMO cools you significantly. When the body sweats a little, ULTRA TERMO does a wet free process. ULTRA TERMO inhibits the bacteria growth and unpleasant smell. If you want excellent thermoregulation and good wet free characteristics with a feeling of excellent natural pleasure at the same time, choose ULTRA TERMO!

ULTRA TERMO

Für diejenigen, die an der Arbeit (Polizei, Heer, Flughafen...) oder in der Freizeit, sich mit ihren Hobbys beschäftigend (Spazieren, Jagd, Angeln...) oft den niedrigen Aussentemperaturen ausgesetzt sind. Von ihnen werden stärkere physische Aktivitäten selten erwartet und in der Regel wechseln sie nicht oft äußerliche kalte und innere gehizte Räume.

Wegen seiner Zusammensetzung 60% feine Merino Wolle und 40% Polypropilän-Faser des Wollentyp ermöglicht ULTRA TERMO ausgezeichnete Thermoregulationseigenschaften und die Eigenschaften des Wet-free Prozeßes (Trocknung). Genauso versichert es ein tolles Gefühl der Tragungannehmlichkeit wegen des hohen Anteils der Wollefaser der hohen Feinheit.

Wenn es draußen kalt ist, wärmt ULTRA TERMO ausgezeichnet. Wenn es im Raum warm ist, kühlt ULTRA TERMO beträchtlich. Wenn der Körper leicht schwitzt, macht ULTRA TERMO ein gutes Wet-free Prozeß. ULTRA TERMO verhindert Bakterienwuchs und das Entstehen eines unangenehmen Geruchs. Wenn Sie ausgezeichnete Thermoregulations- und gute Wet-free Eigenschaften wollen, mit dem gleichzeitigen Gefühl der tollen natürlichen Annehmlichkeit, wählen Sie ULTRA TERMO!

ULTRA TERMO

Per tutti coloro che al lavoro (polizia, esercito, aeroporti...) o nel tempo libero facendo uno dei loro hobby preferiti (passeggiare, caccia, pesca...) sono spesso esposti alle basse temperature esterne. Da loro raramente si aspettano grandi attività fisiche e di regola non scambiano spesso gli spazi freddi esterni per quelli caldi e interni.

Per la sua composizione di 60% di fina merino lana e 40% di febre polipropilene tipo lana ULTRA TERMO assicura ottime caratteristiche termoregolative e quelle di deumidificazione. Assicura anche la super sensazione di comfort grazie all'alta percentuale delle febre lana di alta qualità.

Se fuori fa freddo, ULTRA TERMO riscalda benissimo. Se dentro fa caldo, ULTRA TERMO raffredda notevolmente. Quando il corpo si suda, ULTRA TERMO, allontana l'umidità. Impedisce batteri e odori spiacevoli. Se volete ottime caratteristiche termoregolative e deumidificanti con la sensazione di comfort naturale allo stesso tempo, scegliete ULTRA TERMO.
